INTRODUCTION

Bin Sraiya Concrete is Qatari-owned and operated. We are proud to be part of the Al Sraiya Group which offers a wide range of professional services and products to the construction industry in Qatar.

Qatar's growth into a dynamic modern economy over the last decade has enabled our company to develop and expand. We now operate five concrete batching plants supported by a fleet of 70 transit mixers and 12 concrete pumps.

Bin Sraiya Concrete is totally committed to providing its customers with the finest products, using the latest Quality Assurance standards.

Our ongoing investment in new technology and the application of modern business practices means Bin Sraiya Concrete is thriving in a highly competitive construction market.

CUSTOMER SERVICE

Bin Sraiya Concrete is unrivalled in our exceptional level of customer service.

We have an enthusiastic and highly skilled team of specialists dealing with each business area, including schedulers, planners, production and transport staff.

Our multilingual sales team can accurately advise customers on the correct equipment and product for their needs.

Whether you wish to make a general enquiry, receive a quotation or place an order, we can assure a swift and professional service.

PRODUCTION CAPABILITIES

- 5 Batching plants supported by Ice Plants and Chilled Water Plants. A total capacity of 600m per hour output for our combined plants.
- 12 concrete pumps, 70 transit mixers supported by our own fleet of cement and water tankers.
- A dedicated team of Production Staff capable of providing deliveries of quality concrete 24 hrs a day 7 days a week.

MIX DESIGNS

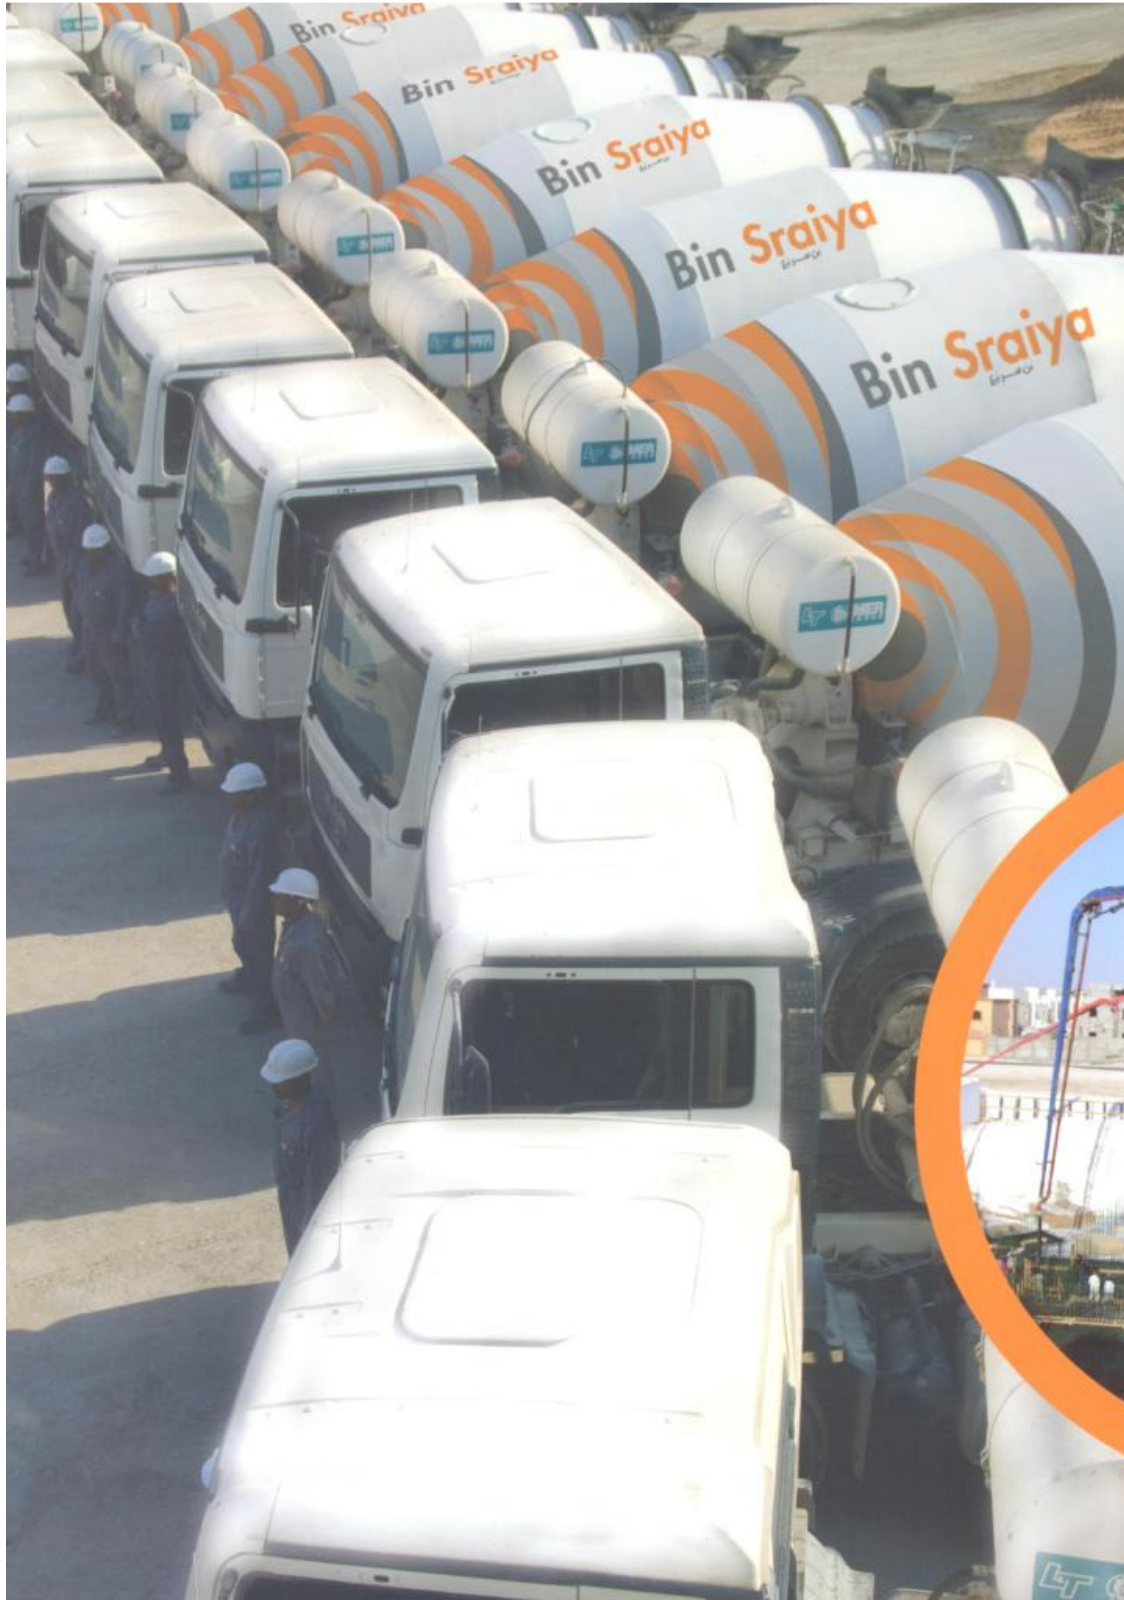

Bin Sraiya Concrete uses only the highest quality materials and latest production techniques to ensure excellence in our products.

You can be confident that we will produce exactly the product you need and deliver it to you when you need it.

We offer customized mixes blended to your personal requirements or you can choose from our range of designated mix designs.

If required we will liaise with your consultants and provide samples. We will always ensure a transparent quality audit trail.

HEALTH AND SAFETY

Bin Sraiya Concrete is dedicated to the safety of its staff and customers.

We take our responsibilities seriously and train all our staff in Health and Safety procedures.

We consistently carry out comprehensive maintenance checks on all our vehicles and equipment. Recommended repairs, replacement or upgrades are actioned immediately. This not only ensures the safety of our own staff but also protects the on-site safety of our customers' employees.

QUALITY ASSURANCE

Bin Sraiya ready mixed concrete is produced to the highest Quality control and Quality Assurance standards. All our manufacturing plants and equipment are rigorously checked on a regular basis and are calibrated by the Qatar General Organization for Standard, Metrology and Qatar Scales.

Our quality standards comply with Quality Assurance standard ISO9001:2008 which requires that regular third party inspections are carried out by TUV SUD Middle East.

Our Quality Control Laboratory is equipped to the highest level and all materials are repeatedly checked prior to production. We ensure that CUBE testing of concrete is carried out repeatedly during production and also on delivery to the customer.

Our Senior Quality Engineer and team of laboratory technicians are always on hand to offer technical advice and support, ensuring that our customers can be totally confident that what they ordered is what has been delivered. Bin Sraiya Concrete strives for constant improvement in its products and level of service. We have an ongoing programme of training ensuring that our staff are well qualified to advise our customers on our latest products and services.

ENVIRONMENTAL POLICY

Bin Sraiya Concrete is proud to support and encourage environmental awareness in Qatar. We are committed to limiting our industry's impact on the environment and minimizing our carbon footprint.

We endeavor to operate a Green policy at every level of our business:

- Our modern mix designs are calculated to be as environmentally friendly as possible.
- Local suppliers are selected, wherever possible, to reduce the delivery distance to our plants.
- Our plants are sited as close to our customers as possible to lessen travel times and distances.
- We operate a computerized route planning system to minimize the distance traveled and fuel used by our vehicles when making deliveries.
- To reduce our carbon footprint further we are working towards ensuring that our entire fleet of vehicles meets European emission controls.

MISSION STATEMENT

Our mission is clear - to build long-term relationships with our customers by delivering a high-quality product on time, to specification and at a competitive price.

COMPANY VISION

Our vision is to be the market leader in our sector.

We will constantly apply the latest technological and environmental innovations to our products.

We aspire to be inspirational and forward-thinking employers for our dedicated and skilled team of workers.

We are committed to growing and developing our business to substantially increase our presence in the market.

Bin Sraiya Concrete is a high profile, high quality manufacturer and distributor of ready mix concrete across the state of Qatar.

We offer a comprehensive service based on 25 years experience, professional integrity and a skilled team of knowledgeable staff.

Whatever your enquiry we are confident we can answer it efficiently and work to your budget.

Please call us to discuss your requirements, request a quotation, or to place an order.
